Tube Rolling with Minimum Effort ..... June 44

Trucks, Industrial
Amphibious Fork Lift ..... Dec 54
Carpet Handling Ram on Fork Truck ..... Jan 60
Certified's Big Switch to LP Gas..June 114
Fork Truck Totes X-Ray Unit.....Feb 46
Hand Truck Adds Hydraulic Power ..... Nov 144
Handling Paper Rolls ..... May 48
High Welder Rig Saves $2500..... Dec 72
Mobile Welding Truck ..... June 64
Quick Change Snow Plow..... Jan 62

U

Ultrasonics
Are Repairs Necessary? These Inspection Tools Tell ..... Aug 104
Can Our Old Boilers Be Reactivated? ..... Sept 142
Hints on Ultrasonic Soldering .....Feb 38

V

Valves
Fluid Power Maintenance V—How To Maintain Hydraulic Valves ..... Feb 120
Fluid Power Maintenance XI — Air Control Valves ..... Aug 126
PM for Pressure Regulating Valves ..... Apr 111
Quickly Does It—Servicing Steam Traps ..... Apr 42
Refinery Streamlines Valve Reseating ..... Aug 107

Ventilation
Industrial Ventilation ..... Feb 85

Vibration Control
Segregation Stops Shimmy ..... Oct 96
Vibration Absorbed ..... Mar 48

W

Warehousing
How "Electronic Longhand" Cuts Warehousing ..... Oct 123
Material Handling Features Simplify Order-Filling at New Warehouse ..... Aug 113
Module Decking and Templates Increase Warehouse Capacity by 50 Per Cent ..... Apr 130
Panels Built This New Warehouse ..... Sept 108
Pushbutton Order Filling..... July 58
Simplified Storage ..... July 44

Waste Disposal
Cyanide Waste Disposal..... Feb 64
Double-Duty Boiler Earns Its Keep ..... Aug 102
Foam Control ..... July 58
Industrial Water and Industrial Waste Water BR ..... Nov 242
PVC Solves Acid Drain Problems ..... June 54
Sludge Disposal at Sewage Plant..Oct 48
Waste Treatment Pays Its Way..Apr 120
Waste Treatment System Ignores Power Failure ..... Jan 38

Water Supply and Treatment
Drinking Fountain ..... Nov 46
Got a Water Supply Decision?.....Aug 110
How "Spot" Hot Water Cuts Costs Here ..... Dec 152
How To Cut Water Use..... Oct 54
How To Save Water..... Dec 94
Industrial Water and Industrial Waste Water BR..... Nov 242
Stop Hot Water Line Losses..... Nov 58
Tough Water Purification Problem Solved ..... Aug 40
Water Conservation Hints..... Aug 38
Decentralized Hot Water Supply..Apr 40

Weighing Systems
Check Your Scales—Avoid Errors..Nov 132
Electronic Tank Weighing ..... May 62
Feeder Cuts Overweight Losses....Dec 62
Load Cells Joined Electrically for Weighing ..... Nov 142

Welding
Acetylene Gas Hazards ..... Sept 58
Hot Upset Welding Cuts Costs.....Jan 64
How To Double Welder Bus Capacity ..... July 112
How To Repair Heavy Equipment by Welding, Brazing ..... Oct 124
Mobile Welding Truck ..... June 64
Portable Unit Tests Plate Welds....Oct 60
Procedure Handbook Of Arc Welding BR ..... June 250
Resistance Welding Theory and Use BR ..... Jan 248
Stainless Steel Study Part II..... Mar 114
TV System Assures Spotwelding Quality Control ..... June 56
Welded Alloy Hooks ..... Aug 40

Winches
Operating Power Winches..... Nov 40

Wire Rope
Mine Communications Through Wire Rope ..... Sept 40
Progressive Reeving Triples Rope Life ..... Oct 56
Simple Tester Detects Weakened Rope Slings ..... Aug 60
Torch Cuts Wire Rope..... Dec 64

X

X-Rays
Fork Truck Totes X-Ray Unit.....Feb 46
Lightweight X-Ray Shielding.....Feb 42
Concrete Sliding Door Provides Protection Against Radiation....Nov 38

Company Index

A

Allis-Chalmers Mfg. Co. — Designing a Downdraft Spray Booth..... July 94
Which Floor Preservative Will Do? ..... Sept 99
Wood Block Flooring Life Upped 1400 Per Cent ..... Feb 96

Alpha Molykote Corp.—Got Some Tough Lube Problems? ..... Dec 114

American Gilsonite Co. — Solid-Materials Pipeline Goes Over the Mountain ..... June 126

American Motors Co. — Spray Painting Plastic Pieces ..... July 132

Amperex Electronics Corp. — How Amperex Saves on Liquid Air Costs ..... June 148

Armstrong Cork Co. — Carton-Handling Goes Electronic..... Aug 124

B

Baltimore (Md.) Housing Authority — Cathodic Protection Needed?... May 136

Bendix Aviation Corp. — This Idler Works Hard ..... Apr 122

Berger Machine Products, Inc. — Paging Maintenance ..... Nov 120

Blaw-Knox Corp. — Operation Integration ..... Mar 119

Brunswick Pulp & Paper Co. — From "Casual" to Continuous Maintenance Pays Off ..... Feb 109

C

Carborundum Co., Refractories Div. —Bulk Handling by Formula..... Jan 106

A. M. Castle Co. — Panels Built This New Warehouse ..... Sept 108

Chicago Blower Corp. — Fans Are Balanced in the Field ..... May 128

Chrysler Corp. — How to Double Welder Bus Capacity ..... July 112

Cincinnati Milling Machine Co. — Self-Centering Drill Point ..... Nov 110

Combustion Engineering, Inc. — Maintenance With a Philosophy.. Oct 98

Convair Div., General Dynamics Corp. — Convair Doubles Steam Capacity ..... Nov 138
How To Save Water..... Dec 94
Psychology + Privileges + One Fence = Solution ..... Apr 96

Corn Products Refining Co. — "Live" Boiler Diagrams..... Dec 98

Crouse-Hinds Co. — Material Handling Features Simplify Order-Filling ..... Aug 113

D

Detroit Edison Co. — Boiler and Insulation Get Shiny New Covering ..... Apr 134

Dodge Mfg. Corp. — How Dodge Handles Castings — Safely..... June 107
Need More Electrical Capacity?... Oct 110

Reuben H. Donnelly Co. — Here's a Small Plant's "Paper" Cafeteria ..... Nov 103

Douglas Aircraft Co. — Compressed Air on Reserve ..... June 118
Fast Whirl Improves Product..... Oct 128
For Floors: Elbow Grease, Soft Soap, Floor Sealers ..... Nov 108
In-Plant Machine Maintenance.... July 102
Outdoor Storage Problem? ..... Feb 106
Plant-Designed Airless Hot-Spray Painter ..... Sept 102
Plant-Designed Plastics Oven..... Jan 114
Tool Costs Down 1½ Million Annually ..... Apr 104
This Is Plant Engineering at Douglas ..... Dec 128
Ultra-Safe Fluorescent Drop Light ..... Aug 98

Duke Power Co. — Bolts vs. Rivets.. Jan 133

E

Ekco Products Co. — Treated Cloth Is an Ekco Maintenance Treat..... May 105

Electro-Motive Div. of G. M. — Temporary Wall + Heat = Production ..... May 142

F

Fafnir Bearing Co.—Keeping 'Clean Rooms' Spotless ..... Aug 130

Fansteel Metallurgical Corp. — Plastic Ductwork Confines Corrosive Acid Fumes ..... May 116

Food Machinery and Chemical Corp. — Can Our Old Boilers Be Reactivated? ..... Sept 142

Ford Motor Co. — Ford's Electro-Mechanical System Spots Troubles Fast ..... Apr 114
48 Automatic Dockboards Speed Ford's Handling ..... Mar 101

G

General Electric Co. — Got a Water Supply Decision? ..... Aug 110

General Steel Castings Corp. — Air Hoists Handle Castings — Safely.. Sept 110

H

Hammermill Paper Co. — Materials Pre-Tested on Special Board..... May 114

Haloid Co. — How This Company Chose Its Site ..... Apr 136

Heppenstall Co. — Plant Goes Modern — Twice ..... July 106

Hoerner Boxes, Inc. — Hoerner Gets Designed-in Efficiency Two Ways.. May 106

Hotpoint Co. — $10,000 Saved Annually By Piping Enamel to Spray Booths ..... Feb 110

Houston Gasket & Packing Co. — Frayed Braid? — This Clamp Keeps Hose Covering in Place..... Feb 117

F. C. Huyck & Sons — Hoist Frame — Backbone for Handling Heavy Lifting Jobs ..... Jan 112
How To Say Good-Bye to Sludge.. Apr 133

I

Igleheart Bros. — Downtime Auditing ..... June 111

International Business Machine Corp. — How IBM Solved Its Air Conditioning Problem..... June 112

International Harvester Co. — Conveyor Keeps Production Moving.. July 115

Irving Pulp & Paper Co. — Sandwich Panels Used — Savings $162,000 ..... July 99

J

Johnson & Johnson Co. — Building a Plant? ..... Oct 136
What Makes the Flexible Plant?.... May 134

Johnson Motors — How Small-Parts Conveying Cuts Costs ..... Sept 122

K

Kaiser Aluminum and Chemical Corp. — Kaiser Designs Maintenance Out ..... Jan 108

Kelvinator Corp. — How "Electronic Longhand" Cuts Warehousing ..... Oct 123

Keystone Steel & Wire Co. — Epoxies Get the Acid Fumes Test ..... Oct 106

L

Lake Erie Engineering Corp.— How To Filter Motor-Cooling Air.. Dec 112

Leavitt Machine Co. — Refinery Streamlines Valve Reseating..... Aug 107

Leeds & Northrup Co. — Five-In-One Communications System ..... Apr 116

Lever Brothers Co. — Steam Pump Improvement Program ..... Sept 104

The Lionel Corp. — Cleaning Heat Exchangers Made Easy ..... Jan 105

Link-Belt Speeder Corp.—Versatile, Tailor-Made, Heat-Treating ..... Aug 116

Lockheed Aircraft Corp. — How To Get "Assured" Lubrication ..... June 103
The Mighty-Mite Story — How One Form Cures "Complexity Complex" at Lockheed ..... Feb 94

Los Angeles Certified Grocers of California, Inc. — Certified's Big Switch to LP Gas..... June 114

M

The Martin Co. — Air Conditioning at Martin ..... Apr 123
Maintenance at Martin ..... May 110
Measuring Stick for Maint. ..... Dec 107

McCulloch Motors Corp. — Saturable Reactors Beat the Heat ..... Nov 126

Merck Sharp & Dohme, Div. of Merck and Co. — Plant Engineering vs. the Asiatic Flu..... Nov 98

Mission Appliance Corp. — Plant-Engineered Line Kills Bottleneck.. Nov 104

Monroe Calculating Machine Co. — Molding and Sorting — Automatically ..... Nov 115

Monsanto Chemical Co. — Construction Plastics Are Put to the "In-Use" Test ..... June 144
Making a Change? Check Scale Model First ..... Oct 109

Mosow Screw Co. — What's the Price of Plant Changeover?..... June 141

N

Nicholson File Co. — Double-Duty Boiler Earns Its Keep ..... Aug 102

O

Owens-Corning Fiberglas Corp. — Plant-Engineered Line Kills Bottleneck ..... Nov 104

Oxford Paper Co. — Safety Program Attacks Accidents Four Ways ..... Aug 94

P

Parke, Davis & Co. — Here's an Easy-to-Operate Lube Record System ..... Oct 100

Pastushin Industries, Inc. — Making Test Fixtures? ..... May 131
On-Spot Heating — Steam or Water ..... Oct 104

Precision Steel Warehouse, Inc. — 21 Cranes — Each Tailored to Its Job ..... Oct 148

Proto Tool Co. — Radiant Heat Warms Drafty Tool Shop ..... Sept 101
Segregation Stops Shimmy ..... Oct 96
Tempering Line for Tough Tools.. Dec 120

R

Rapids-Standard Co., Inc. — Here, Everything's up in the Air!..... Dec 100

Reliance Electric and Engineering Co. — How Reliance "Builds for Automation" ..... May 98

Rocketdyne Propulsion Field Laboratory — Maintenance Takes to the Wide Open Spaces ..... Oct 120

S

Scott Aviation Corp. — Planned for Expansion — Piping, Ducts Included ..... Aug 109

Shawinigan Water & Power Co. — Fixed Portable Ladder ..... Oct 144

Stainless Metallizing Saves Turbine Shaft ..... July 98

The Soabar Co. — To Move or Not To Move ..... May 103

L. Sonneborn Sons, Inc. — Matching Steam Supply to Demand..... Mar 132

Spencer Turbine Co. — New Paint Booth — New Location — No Bottleneck ..... Oct 119

Speno Railroad Ballast Cleaning Co. — Drop the Ceiling and Heating Costs Too ..... Jan 93

Standard Tool & Mfg. Co. — They Raised the Roof ..... May 96

Sunbeam Lighting Co. — Office Modernization ..... Oct 134

Synthetic Mica Corp. — Dust Control Goes Right to the Job..... Apr 99

T

G. H. Tennant Co. — New Paint Spray System Cuts Finishing Time ..... June 142

Topp Manufacturing Co. — From Chinchillas to Circuits ..... Nov 135

Townsend Co. — Little Things Mean a Lot ..... Aug 122

U

U.C.L.A. Medical Center — Plant Protection Systems ..... Nov 100

Union Special Machine Co. — Plant Primary Power Transmission ..... Apr 100

W

Western Electric Co. — Electrical Ground System — 57 Ft. Down..... Feb 108

Helpful Ideas Improve Battery Servicing ..... May 109

Noise Reduction ..... Mar 93

Operation Bootstrap ..... July 136

Western-Waxide Specialty Packaging Div. — Hand Truck Adds Hydraulic Power ..... Nov 144

Westinghouse Electric Corp. — Clocks Check on Machine Downtime ..... Aug 101

Modernizing for Versatility ..... June 127

Quiet, Efficient Power Transformers ..... Apr 135

Y

Yale and Towne Mfg. Co. — How "Spot" Hot Water Cuts Costs Here ..... Dec 152

SELECTED ARTICLES FROM 1956

(Detailed index for Vol. I and II (1947-48 starts on p. 31, December 1948 issue; for Vol. III (1949) on p. 72, December 1949 issue; for Vol. IV (1950) on p. 51, December 1950 issue; for Vol. V (1951) on p. 153, December 1951 issue; for Vol. VI (1952) on p. 167, December 1952 issue; for Vol. VII (1953), on p. 175, December 1953 issue; for Vol. VIII (1954) on page 195 January 1955 issue; for Vol. IX, following page 214, January 1956 issue; for Vol. X, following page 228, December 1956 issue)

What Happens to Maintenance Now That Automation Is Here To Stay? ..... Jan 96

Porcelain Enamel—It May Help You With High Temperature Problems ..... Jan 101

Roller Chain Applications—Disclose Versatility of This Power Transmission Device..... Jan 105

Thin-Wall Construction—Sandwich Panels Boost Building Baby into Big Time..... Jan 110

Maytag's Capacitors Cut Voltage Dips. Result: Better Welds, Lighting and Motor Starting..... Jan 112

Screen Confines Caustic Spray, Eliminates Objectionable Air Pollution Problem..... Jan 115

Proper Lubrication Practice Extends Life of Machine Tools, Reduces Maintenance..... Jan 124

What Paint Roller Cover Where? It All Depends on Surface To Be Painted and Paint Used..... Feb 88

Instrumentation Planning Procedures—Diagrams, Equipment, Controls for Process Work..... Feb 92

Loading Effects on Diesel Engines..... Feb 96

How Martin Uses Compressed Air to Replace Vacuum Pumps, at 1/10th Cost..... Feb 102

Why C-E Chose Mercury High-Bay—It Proved Lowest in Power, Maintenance, Replacement Costs..... Feb 104

Water Well Capacities—Improving and Maintaining Them..... Feb 112

Plastisols—Muscle Men in War on Corrosion..... Feb 114

Why Use "Push-Pull" Ventilation? Article Tells How it Works, How it Can Effect Savings..... Feb 118

Corning Engineers Check on Selves. Work Sampling Shows up Poor Procedures, Wasted Time..... Feb 122

Maintenance Control By the Clock Provides the Yardstick for Measuring Maintenance Costs..... Mar 86

Plastic Pipe Gets a Handbook, Facts and Figures for Potential Industrial User..... Mar 93

Steam Vapor Removal—Case Study from Tough School: Hat Manufacturing..... Mar 98

Recommended Steps To Follow When Flushing Sprinkler Systems ..... Mar 100

Before Treating Steel Surfaces: Check These Test Results for Preparations To Fit Your Problem..... Mar 108

Kodak Trains Drivers, Cuts Accidents..... Mar 114

Thermocouples—These Industrial Watchdogs Need Testing and Protecting..... Mar 116

Computers Rescue Maintenance Men! Statistical Department Takes on Paperwork Load..... Apr 92

Transistors in Industry—Where They Fit in the Control System's Nerve Center..... Apr 97

Ladders and Ladder Safety..... Apr 104

How the Army Controls Maintenance—Tools Employed Simplify Task of Maintaining Facilities..... Apr 109

Maintenance, Construction Standards—How Ansco Uses Them To Cut Costs, Improve Quality..... Apr 118

Air Compressor Lubricants—Proper Choice and Application Help Prevent Explosion..... Apr 120

Industrial Instrument Maintenance Part 3—Instrument Systems and Practical Maintenance Considerations..... Apr 132

Abrasive Wheels—Select the One To Fit Your Job..... May 92

Paint Tips for Plant Engineers..... May 94

Epoxies Get Tough Guard Duty—How They Serve in Insulation Service..... May 98

American Brass Flood Recovery—Electrical Firms Lend a Hand in Rehabilitation Job..... May 104

Maintenance According to Schedule—Hyster Outlines Specific Procedures for Servicing Plant Equipment..... May 112

Mounting Anti-Friction Bearings—Correct Accessories, Parts and Tools Are Important..... May 120

Maintenance Gets Premium Pay Plan—Building, Equipment Conditions Improve Under Incentives..... June 89

To Maintain Them, Know Them—Only Familiarity Should Breed Attempt in Welder Maintenance..... June 93

Fluid Power Maintenance Part 1—Installation of Hydraulic Systems..... June 108

Industrial Pushbuttons—Proper Selection of These Gadgets Important..... June 114

The Plant Engineer's Role in Industry..... June 127

Let's Take a Look at Ourselves—Can Plant Engineers Do Better Job of Selling Maintenance?..... June 130

Aluminum Pipe Was the Answer for Plant's Hot Water Service July 85

Work Simplification Cuts Hazards—Safety Is a Dividend From Method and Condition Improvement..... July 97

Visual Aids—A "Gold Mine" of Training Help, if You Know Where To Dig..... July 100

Steel Belt Conveyors—Maintenance and Repair Hints for Prolonging Belt Life..... July 104

The Case for Non-Lubricated Bearings—How They Act Under High Temperature, Pressure and in Solvents ..... July 120

Planning the Radioactivity Laboratory..... Aug 83

Coordinating Plant Instrumentation—Installing Major Project Calls for Careful Planning, Scheduling..... Aug 94

Electrical Grounding Transformers—Methods of Connecting This Protective Unit in System..... Aug 96

Safety Practices in Arc Welding..... Aug 102

Water Cooled Compressors—Selection and Application for Heavy Duty..... Aug 106

Lamp Maintenance Means More Light..... Aug 110

Fluid Power Maintenance Part 2—Selection of Proper Fluids..... Aug 118

Supplementary Lighting—Its Problems, Applications and Possibilities ..... Sep 89

Industrial Fire Departments—Outline for Training, Coordinating This Emergency Team..... Sep 96

All Teflon Is Not Good Teflon—Here Are Some Simple Tests for Quality..... Sep 102

Additives Perk Up Residual Fuels—Case Histories Report Successful Use of Additives..... Sep 105

Industrial Truck Costs—What They Are and How To Lower Them..... Sep 108

Sell Yourself To Sell Maintenance—Here Are More Rules to Help Plant Engineers Do a Good Job..... Sep 126

Grinding Wheel Failures—What the Cause May Be—And What You Can Do About It..... Sep 132

To Keep Vehicles "Shipshape," Navy Counts on Regular Shop Time and Reliable Records..... Oct 87

Aluminum Roofing and Siding—Where To Use It . . . What To Choose . . . How To Apply It..... Oct 97

Epoxy Corrosion Preventers—Guide to Steel Protection With Emphasis on Epoxy Formulations..... Oct 103

Fluid Power Maintenance Part 3—How To Clean Hydraulic Systems..... Oct 109

PVC Tank Liner That "Gives"—Corrugations Take Up Slack To Lick Expansion Bugaboo..... Oct 112

Welding Jigs Save Setup Time, Improve Setup Accuracy..... Oct 116

Leaks Licked by Resins and Glass..... Oct 119

Plant Engineering in South America—Differences, Similarities Mark Latin Practice..... Nov 87

How To Control Industrial Noise Part 1—Background Data in Acoustics for the Plant Engineer..... Nov 98

How to "Sell" Maintenance—Let Management Know What It Gets from Program..... Nov 110

Pipe Sizing Charts For Use With Low Pressure Steam Heating Systems..... Nov 130

Hot Meals for Night-Shift Workers..... Nov 134

Essential Features of a Patent—Novelty, Utility and Invention Nov 136

A Planned Plant Painting Program—"Non-Stop" Schedule Gives Lower Costs, Cuts Clean-up..... Dec 83

Stainless Steel Fabrication Part 1—Working the Hard-to-Work Metal..... Dec 87

Maintaining Dry-Type Transformers—Correct Inspection and Cleaning Important, Too..... Dec 90

How To Care for Glassed Steel Equipment—Special Equipment for Special Purposes..... Dec 94

How To Control Industrial Noise Part 2—Acoustical Treatment, Sound Absorbers Inside Plant..... Dec 102

Industrial Parking Lots—Consider These Factors When Planning Plant Parking..... Dec 108

Plant Electrical System Hazards—Distribution Lines, Equipment May Harbor Trouble Spots..... Dec 113

Q and A on Pump Problems—Questions Answered on Throttling, Brine System, Shaft Sleeves, Etc..... Dec 120

Fluid Power Maintenance Part 4—How To Care for Hydraulic Pumps..... Dec 122

JANUARY, 1957

Plant Engineering

PUBLIC LIBRARY

IN THIS ISSUE

8th Plant Maintenance and Engineering Conference Program 87
Drop the Ceiling and Heating Costs Too 93
Engineered Maintenance Is Better, 10 Ways 94
Designing for Corrosion Resistance
Part I. Good and Bad Design Practices 100
Cleaning Heat Exchangers Made Easy 105
Bulk Handling by Formula—System Weighs, Transports and Blends Abrasive Granules 106
Kaiser Designs Maintenance Out 108
All-Engineers' Luncheon 111
Hoist Frame—Backbone for Heavy Lifting Jobs 112
Plant-Designed "Ferris Wheel" Oven Cures Plastics 114
Emergency Lighting Systems 116
Tank Linings—Thin, Thick, or Sheet? 118
Four in One Month—New Plant Engineers' Clubs Meet Demand for Local Groups 124
How to Control Industrial Noise
Part III. Outdoor Noise Problems and Their Solution 126
How Adhesives Can Work for You 129
Bolts vs. Rivets
Production Doubled With Half the Crew 133
Activities of Plant Engineers' Societies 134
Acrylic Plastics Can Help in Plant Maintenance Work 136

REGULAR DEPARTMENTS

'Round About with the Editors 2
Bulletins and Catalogs 21
Backtalk and Forethoughts 28
Plant Engineers' Digest 38
Operation and Production 56
Court Decisions 77
News from the Plants 140
New Plant Construction 144
New Products and Processes 170
Data File of Commercial Literature 224
Review of New Books 246
Advertisers' Index 250

Volume 11, No. 1 Circulation of this issue 48,160

The magazine that helps plant engineers with their everyday problems
